

WHAT CAN I EXPECT?

Before you get started you'll go through a 28 day Army Reserve Recruit Course at the Army Recruit Training Centre in Kapooka, NSW. During the course, you'll receive expert training from some of the Army's best instructors. Upon completion you'll receive a tax free payment of around \$1,800 (this varies each year). After this you are ready to begin your first apprenticeship or traineeship placement.

During your placement you'll be paid the standard trainee wages by the Registered Training Organisation. Your Army Reserve unit will also employ you for weeks or months at a time in your trade where you will learn and work on Army equipment while being paid tax-free as a Reservist.

Military training with the Army Reserve involves on the job experience as well as Basic Soldier Skills Training. Expect up to 150 days of your year to step up a gear! You'll meet new mates and be paid for your time. It's awesome.

EMPLOYER SUPPORT NETWORK

Defence Reserves Support (DRS) provides a link between the Australian Defence Force (ADF) and your employer and community, so they are encouraged to support you while you complete your Reserve commitments. Further information is available at www.defencereserves.com

& APPRENTICESHIP PROGRAM (ARTAP)**

WHAT IS ARTAP?

**FULL TIME CIVILIAN TRADE OR
TECHNICAL APPRENTICESHIP**

+

**PART TIME MILITARY TRAINING
IN THE ARMY RESERVE.**

Why limit your career options with a regular trade apprenticeship when you can take part in ARTAP. You'll be a paid member of the Army Reserve while you get your qualification and have the choice of a civilian or a military career at the end of it. Not only will you learn life and military skills, you'll also have gained the experience necessary to decide if Army life is for you once you finish training.

BENEFITS

- Option of civilian or military career
- Assistance with training placement
- Get paid for your training
- Get paid for time in the Army Reserve
- Variety of rotating placements
- Learn and practice your trade in the Army Reserve.

WHAT KIND OF APPRENTICESHIPS ARE THERE?
