

DEFENCE UNIVERSITY SPONSORSHIP

CP/R MD 13776/012

GET SPONSORED TO STUDY AND GAIN A REWARDING CAREER

If you're a student pursuing an Engineering or Health discipline at an Australian university, you should consider applying for a Defence University Sponsorship. Sponsorship is available to undergraduate and graduate students. Undergraduate students must have completed one year of a three or four year degree or two years of a five or six year degree before sponsorship can commence. Graduate students must have already obtained a relevant undergraduate degree before being eligible to be sponsored for the graduate medical or dental program.

You'll be paid to study at university and upon graduation gain a rewarding career in the Navy, Army or Air Force.

AVENUES OF ENTRY

UNDERGRADUATE PROGRAM

Engineering	Nursing	Radiography
Medicine	Pharmacy	Environmental Health
Dentistry	Physiotherapy	

GRADUATE PROGRAM

Medical
Dental (Army only)

WHAT YOU RECEIVE

As a sponsored student the Defence University Sponsorship package provides you each year with:

- A salary of up to \$43,266p.a. for Undergraduates and \$64,437p.a. for Graduates
- Your course HELP fees paid (previously known as HECS)
- 18% superannuation
- University student fees paid
- Textbook allowance
- Subsidised accommodation
- Free healthcare (medical and dental)

Note: Health specialities will also be paid during their internship and first year of residency.

Being sponsored provides you with the opportunity to kick-start your career in a challenging and unique environment. Whether you choose the Navy, Army or Air Force, you'll assume a leadership role upon graduation, work alongside great mentors and have the opportunity to undertake further training or specialisations. You'll also earn a competitive salary and have the opportunity to travel within Australia and overseas.

YOUR COMMITMENT

As Defence is investing in your education, you will be required to commit to a certain number of years as a full time Officer in the Services. This commitment is the number of years you're sponsored to study, plus one year. For example, if you are sponsored for three years of study, you will need to give back four years to the Navy, Army or Air Force. This will commence after you graduate from university.

For health specialities, your commitment begins once you have satisfied your registration and clinical experience consolidation requirements.

APPLY FOR A SPONSORSHIP

To find out more about the Defence University Sponsorship, specific job information or to apply call **13 19 01** or visit defencejobs.gov.au/unisponsorship

If you have any further questions about the sponsorship or about life as an officer in the Australian Defence Force (ADF), get in touch with a member from the Specialist Engineering or Health team via email: engineers@dfr.com.au | healthjobs@dfr.com.au

Applicants must be Australian citizens, however, the ADF may grant waivers of citizenship if permanent residency is held.
