

DEFENCE UNIVERSITY SPONSORSHIP

GET
SPONSORED
TO STUDY
AND GAIN A
REWARDING
MILITARY
CAREER

HAVE YOUR UNIVERSITY FEES PAID

JUST IMAGINE STARTING
YOUR WORKING LIFE
WITH THAT ADVANTAGE

YOU WILL FIND DOZENS OF ROLES IN THE NAVY, ARMY AND AIR FORCE, ACROSS A BROAD RANGE OF PROFESSIONS. EACH PROMISES AN EXCITING LIFESTYLE, OPPORTUNITIES FOR TRAVEL, WORLD-CLASS TRAINING, AND AN EXCELLENT WORK/LIFE BALANCE.

Through Defence University Sponsorship you can apply for one of these positions while still studying for your degree. If successful you'll join your chosen service and be paid a salary package for the agreed period it takes to complete your studies, even though you won't actually start your full-time duties until you have completed university and gained the required skills. The ADF is paying you to study so you are only committed to one to four weeks training per year, which varies by service and is undertaken during uni breaks.

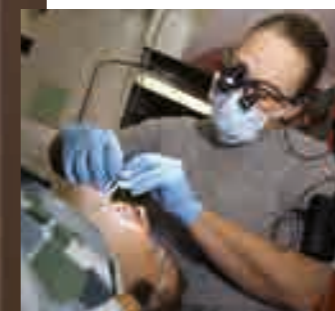

Better still, your uni fees will be paid from day one of your employment; and an excellent job will await you on graduation.

YOUR
CAREER**

LIFE IN THE ADF

IN THE ADF YOU WILL DEVELOP YOUR SKILLS AND LEADERSHIP QUALITIES, HAVE ACCESS TO GREAT SPORTS AND LEISURE FACILITIES, AND MAKE FRIENDS FOR LIFE.

As a condition of your sponsorship, depending on your Service, you'll be required to complete some military training which will be planned around your university breaks.

Once you've graduated from uni, your new life in the Navy, Army or Air Force will be rich and varied. Ours is a unique and supportive environment where you will participate in the day to day functions of regional-based activities, whilst supporting military operations. This could involve deploying to a conflict zone, or engaging in humanitarian and disaster relief activities, which can be particularly rewarding.

THE NAVY, ARMY AND AIR FORCE WILL PROVIDE YOU WITH A WEALTH OF OPPORTUNITIES YOU SIMPLY WON'T FIND ANYWHERE ELSE, ALONG WITH WORLD-CLASS LEADERSHIP AND MANAGEMENT TRAINING THROUGHOUT YOUR CAREER. AVENUES FOR ADVANCEMENT AND PROMOTION ARE CLEARLY DEFINED, AND YOU'LL RECEIVE ONGOING INVESTMENT IN YOUR PERSONAL AND PROFESSIONAL DEVELOPMENT.

Expert guidance will be available while you are still completing your university studies. Then once you've graduated, you will be expertly trained and mentored to prepare you for the exciting challenges ahead.

CAREER DEVELOPMENT

YOUR COMMITMENT

In return for investing in your education the ADF typically requires you to (i) complete one to four weeks of training each year during university holidays, and (ii) once you've graduated, commit to full time service, typically for the number of years of university sponsorship plus one year (with a minimum of three years' service).

For example, if you are sponsored for just one year of study you must serve full time for three years, once you graduate. If you are sponsored for three years you must serve for four years.

Officer training takes place on completion of your degree to help you develop your leadership and military skills. It comprises:

One block of 22 weeks for the Navy (HMAS Creswell, NSW)

One block of 26 days and one block of 16 days for the Army, (Royal Military College - Duntroon, ACT)

One block of 17 weeks for the Air Force (RAAF Base East Sale, VIC)

For health specialities your service commitment begins once you have satisfied your registration and clinical experience consolidation requirements. If you have been sponsored through the Graduate Medical Program, you will be appointed for an Initial Minimum Period of Service (IMPS) of the period of sponsorship (x2), plus an additional year, or until the expiry of your IMPS, whichever is greater.

HOW TO APPLY

1

USE THIS BOOKLET TO IDENTIFY THE ROLES AVAILABLE FOR YOUR DEGREE COURSE

2
